Kuwait - Port Operations Disrupted

June 2008

Port operations in Kuwait are currently suffering serious disruption as a result of dust storms. By way of example, on 15 June the port was only able to work for 3 hours and many vessels are experiencing considerable delay. The authorities in Kuwait advise that this situation is likely to continue until the end of July.

Members with vessels scheduled to call at Kuwait should bear this situation in mind.

With thanks to Galadari and Associates, Dubai, for supplying this information.
