

AUTORIDAD DEL CANAL DE PANAMÁ
VICE PRESIDENCY FOR TRANSIT BUSINESS**ADVISORY TO SHIPPING No. A-15-2020**

April 15, 2020

TO : All Shipping Agents, Owners, and Operators**SUBJECT:** Suspension of Second Update to Maximum Allowable Draft at the Neopanamax Locks

Recent rainfall in the Canal watershed has allowed the Panama Canal Authority (ACP) to suspend the draft reduction announced in Advisory to Shipping A-09-2020, which was scheduled to become effective April 17, 2020.

As a result, and based on the present and projected level of Gatun Lake for the following weeks, the ACP announces that the maximum authorized draft for the Neopanamax locks will remain at **13.87m (45.5 feet)** Tropical Fresh Water (TFW) until April 30, 2020. Thereafter, effective May, 1, 2020, the maximum authorized draft for the Neopanamax locks will be **13.72m (45.0 feet)** TFW, until further notice.

The ACP will continue to monitor the level of Gatun Lake and will announce future draft adjustments in a timely manner.
