09/16/2020

To all Agents,

The Pilots' Association is requiring all vessels calling on ports above the Ben Franklin Bridge to provide air draft and deep draft seventy-two (72) hours prior to arrival and sailing. When giving the arrival air draft and deep draft, please also provide the departure air draft and deep draft as well. This should help reduce delays due to the 48-hour window required by Skanska to raise the scaffolding.

This will be in effect for the next four (4) years while the Ben Franklin Bridge project is under rehab. Please refer to the Mariners Advisory Committee for the Bay and River Delaware website for information.

Thank you,

David K. Cuff, President
The Pilots' Association for the Bay and River Delaware
800 S. Columbus Blvd. Philadelphia, PA 19147
