Dear Sirs,

Re: Certificate of Safe Stowage and Securing of Cargo

In accordance with the Rules for safe carriage of cargoes by sea which entered into force on 24.11.2003, Article 13, the Shipper shall provide the Master with a Certificate of safe stowage and securing of the cargo.

This letter requests that Charterers ensure that the above-mentioned Certificate is provided properly and without delay.

The vessel/Owners are in no way responsible for alleged losses/expenses/delays which could arise from the above matter.

Faithfully yours,
