

STEAMSHIP MUTUAL

To the Members

December 2012

Dear Sirs,

Steamship Mutual Application for i-Pad and i-Phone

The Steamship Mutual and The Ship Safety Trust have produced an Application for i-Pad and i-Phone, which they believe will be of great benefit to Members and non-Members alike. It is aimed at shipowners, charterers, brokers, lawyers, surveyors and anyone interested in maritime affairs. As well as providing details about the Club, the App lists full contact details for staff and correspondents around the world. It also includes full versions of all of the Club's Circulars and Risk Alerts as they are published, as well as details of many more of the Club and Ship Safety Trust's publications.

Included is a section on developments in respect of Sanctions imposed by the UK, US and EU. This is an ever moving area and the App will keep you up to date with changes affecting shipping.

As well as all the Club's Rules, Charterer's Terms and recommended clauses, the App provides information about the Club's financial position and Club products such as its Super Yacht facility.

It is recommended you register to ensure you receive the Club publications you want and also that you accept Push notifications in order to be alerted when a new Risk Alert, Circular or Sanctions update is published in the App.

The Managers believe this App will enhance the Club's ability to deliver its commitment to service. An Android version will be launched shortly. Please either search for the App in the App Store or follow the QR link below.
