Club Circular

2023/24 Financial Year Highlights

Following the Club board meeting held in Geneva, the Managers were pleased to report a record level of free reserves following the combined effect of an underwriting surplus and their best investment return in recent history.

Jonathan Andrews says "We are very proud the Club has reached its present market leading position. We are now the 5th largest member of the International Group by tonnage, and the 3rd largest Club in terms of premium income."
